

Midas Construction

Dear Angelo:

I want to thank you for the great job your company did on my recent bathroom renovation. You delivered exactly what you promised you would, the cost, the time line and the finished result. If I had any concern you promptly answered it. You listened to what I wanted and delivered a bathroom I am very happy with. It used to be the worst room in the house and now it's the best.

Thanks again, and I will recommend your company to my friends if they are looking for a contractor.

Regards,
