BUSICA

TO WHOM IT MAY CONCERN

The purpose of this letter is to personally congratulate Angelo Tassone, Midas Construction Inc. on the very professional work he did on my home - landscaping, aluminum metal clad wood frames - windows, doors, etc., complete outside painting of my house-two coats plus remove 100 ft. of blacktop and replacing same length. My home looks like a new home.

The workers were all very polite and anxious to please and answer any concerns I may have had. They left the whole work area very neat and tidy. Angelo himself was very fair on his quotations and extremely helpful and knowledgeable on his profession. I am sure anyone awarding their contract to Angelo would end up entirely satisfied. I would highly recommend Angelo for any restoration work or planning on new ventures on your home.

Kudos to you Angelo - a very satisfied customer.
