Hi Angelo,

I didn't forget! Here is the review, let me know if you would like a bit more (or less).

Joni

"I have recently had Angelo and his team at Midas transform my 1978 tudor style home into a beautiful home with an open living room/ dining room/ kitchen space, giving it a modern look but still maintaining all of its character. Of course, in the middle of construction, we had a pipe leak from the bathroom upstairs, and Angelo and his team fixed it immediately and at a reasonable cost. Its refreshing to hire someone to come into your home, who will treat it like their own, provide practical advice, and get the job done on time and on budget. I will definitely use Angelo and his team again for our next project. I really could not be happier. Thank-you Angelo and everyone at Midas."
