To Whom It May Concern,

Just a quick note to tell the reader that we found Midas Construction Inc., to be a great company to work with as they were always helpful and attentive to their client's needs. They worked quickly, never leaving the client wondering where they had gone to and feeling left alone with unfinished work. They also have great ideas of how to deal with a problem.

We had Midas Construction for a total of 4 months over the winter and into the Spring. Their paper work was very complete, organized and clear. Just an honest organization to work with.

I have no hesitation recommending Midas Construction for any renovation you might require.

A handwritten signature in cursive script that reads "Lloyd Price".

Sincerely, Lloyd Price (604-925-9591)
